

## 2. DEPUTATIONS BY APPOINTMENT

### (e) Ralph Ross – Shirley Residents Association

Ralph Ross from the Shirley Residents Association reported back on the public meeting that was held to discuss roading issues in Shirley. This included the Palms intersection traffic lights, Shirley Road kerb and channel works, the Shirley Road/Hills Road intersection and the Shirley Intermediate School footpath.

Mr Ross requested:

1. That a left turn be installed at the intersection of Hills Road and Shirley Road on the northern side, or that the slipway on the northern side of Shirley Road be made into a left turn.
2. That the proposed slipway on the southern side of Shirley Road be incorporated in the Shirley Road kerb and channel work.
2. That the bus shelters on Shirley Road be set back to allow pedestrian traffic.
3. That the Marshland Road/Shirley Road/New Brighton Road intersection be modelled on the Fitzgerald Avenue/Hills Road/Bealey Avenue intersection which works well.
4. That the angle parking planned for Slater Street and Chancellor Street not go ahead.
5. That an update be provided to Shirley Intermediate School on the footpath outside the school and the rubbish bins requested.
