

## 18. SEMINAR MEETING REPORT

The Board received the report of the Seminar meeting held on 17 April 2002. The Information Manager (City Streets) advised that installing a bus stop on Grimseys Road would require extensive engineering work and be a very expensive option.

The Board **resolved:**

1. That more information on 'C' passenger services be requested.
2. That a staff report on a bus stop installation at Grimseys Road be requested for a future Board agenda.
3. That staff provide costings for the installation of two park benches at the Papanui RSA.
4. That Kaiapoi Community Board members be invited to the June Seminar meeting to discuss shared issues.
