

## 9. SURVEILLANCE CAMERA

As requested at the 2 April meeting, a report from the Community Technical Adviser provided additional information concerning the purchase of a surveillance camera. Expenditure of \$5,000 had been approved from 2001/02 Discretionary Funds for the purchase of a surveillance camera, subject to this report. The Board **resolved** that the surveillance camera be gifted to the local Community Constables to operate and maintain within the Spreydon-Heathcote wards and that a quarterly report on its use be made back to the Board.

Constables Grant Ladd and Neill Williams attended and expressed their appreciation for the opportunity to acquire surveillance equipment, which would otherwise not be available to them, and would enable the Police to monitor problem areas within the wards.
