

## 17. SYDENHAM RUGBY FOOTBALL CLUB – CHANGING FACILITIES

A report from the Sports Adviser, Leisure Unit, advised progress to date in the development of changing facilities on Sydenham Park in relation to the Board's grant of \$5,000 from its 2001/02 Discretionary Funds made in September 2001. There was some discussion on the lengthy process involved and the possibility of solutions to the club's needs.

The Board **resolved**:

1. That the information be received.
2. That the Sydenham Rugby Football Club be permitted to use the balance of \$930 from the Board's 2001 grant of \$5,000 for costs related directly to the provision of changing facilities for the Club at Sydenham Park.
3. That, following further work with Council officers, an additional report be provided as to how the matter is to be progressed with the South Christchurch Tennis Club.
