

7. LIVING STREETS – THE PAPANUI CLUSTER

The Board considered a report from the City Streets Manager on the progress of the collaboration process with the Papanui Cluster community and sought the Board's endorsement of the draft objectives emerging from this process.

Norm Withers requested that it be noted that he commended the staff on an excellent and thorough job. He also noted that the public consultation undertaken in this project was an example that could be followed to enhance the Council's image with regard to future public consultations.

The Board **decided** to endorse the draft objectives as described in this report.
