

## 26. ST ALBANS PLAYCENTRE BUILDING

The Board **received** for discussion a report from the Community Development Adviser seeking funds towards the cost of a purpose built centre for the St Albans Playcentre. This project helps to meet the outcomes of the Council's Early Childhood Education Policy.

The Board **resolved**:

1. That a grant of \$4,000 from 2002/03 Discretionary Funds be allocated to the St Albans Playcentre towards their building costs.
2. To support the St Albans Playcentre's application for a loan of \$15,000 from the Christchurch City Council Loans Scheme.
3. To provide the St Albans Playcentre with letters from the Board to support its applications to other funding organisations.
