

## **18. COMBINED COMMITTEE**

The Board considered the report of its Combined Committee meeting held on 17 March 2003 and **resolved** to adopt the recommendations contained therein as follows:

### **18.1. Spreydon/Heathcote input to Artworks in Public Places plan**

That the following opportunities be investigated:

- Te Kura Kaupapa School – symbolic landscaping to represent Maori
- Arts trail along the Heathcote River (continuation of Farnley Reserve)
- Sydenham Mainstreet project (tree surrounds, seating)
- Some of the less affluent areas need something to give the area a lift (in a park or somewhere central)
- Seating/utilities along the Heathcote Riverbank
- Reference was made to the success of the Rowley community art project. It was suggested that buildings in the Sydenham shopping area could be painted different colours
- Sydenham area would be a good location for some functional art (eg bike stands)
- Artwork in volcanic stone – south of the Moorhouse Avenue overhead bridge in Sydenham
- Two pieces of artwork could be brought back to the Board for consideration, to be located inside the new South Christchurch facility

### **18.2. Sydenham Mainstreet Project**

1. That design work for new signage be investigated by some of the arts schools and be held as a competition in conjunction with Mayfest.
2. That existing garden plots be redesigned (in consultation with the Sydenham Network) with plants incorporating colour.
3. That planting along the Colombo Street frontage of Sydenham Park be carried out.
4. That staff and local businesses meet to discuss further options for expending funding allocated for the current financial year.
