

13. REPRESENTATION REVIEW

The Board Chairman reported on the two recent seminars/workshops where the matter of the future governance structure for Christchurch had been considered.

Details of the three favoured short-listed options were outlined in the accompanying report and the Board was invited to determine its preferred option for presentation back to the Council's Sub-committee.

The Board **decided** that Option 1 be adopted as the Fendalton/Waimairi Community Board's preferred option and that the resulting submission be approved and forwarded to the Council's Sub-committee.
