

17. CAMBRIDGE TERRACE: KERB AND CHANNEL PROJECT

The Board considered a report seeking its approval of a series of objectives that had been identified in relation to the Cambridge Terrace kerb and channel renewal project.

The Board **resolved** to approve the following project objectives for public consultation:

1. Meet the asset management targets.
2. Maintain two-way vehicle movement on Cambridge Terrace (Peterborough Street to Barbadoes Street).
3. Undertake consultation on the options of a full road closure, one-way vehicle movement and two-way vehicle movement on Cambridge Terrace (Barbadoes Street to Churchill Street).
4. Ensure vehicle speed and rat-running issues do not arise.
5. The tree in the triangle is to remain.
6. Improve existing riverbank amenity value.
7. Provide an access path along the riverbank.
8. Provide limited on-street parking along the roadway.
