

## 16. CORRESPONDENCE

### 16.1 Our Youth Our Community Charitable Trust

The Board considered a letter from Cor van Eyk, Administrator of the Our Youth Our Community Charitable Trust, seeking funding of \$7000 for administration costs and the costs of a children's camp.

The Board discussed the recently completed North Linwood Community Study, and the Board's allocation of \$7,500 from its 2003/04 project funds to address the recommendations identified in the Community Study. The Board also discussed the fact that Our Youth Our Community Charitable Trust operates in North Linwood and may be eligible for some of the funding allocated to address the recommendations identified in the Community Study.

The Board **resolved**:

1. That a process be established to consider funding the recommendations from the North Linwood Research Community Study from the \$7,500 of project funding set aside by the Board for that purpose.
2. That Our Youth Our Community Charitable Trust be advised of the process and considered for funding through the process.

### 16.2 Memorial Seat for Anthony Thorpe

The Board considered a letter from Marianne Thorpe requesting a contribution from the Board to fund a seat in memory of her late husband, Anthony Thorpe.

The Board **resolved** to request that the Parks and Waterways Unit provide a seat, at a cost of approximately \$550, in consultation with Mrs Marianne Thorpe and that it be suggested to Mrs Thorpe that she fund a commemorative plaque.
