

5. GREERS ROAD/PROPOSED KERB AND CHANNEL RENEWAL

Officer responsible
City Streets Manager

Author
Brian Boddy, Project Consultation Leader, DDI 941-8013.

The purpose of this report is to seek approval for the renewal of the dish channels on the eastern side of Greers Road from Harewood Road to Langdons Road, in accordance with the attached plan.

The above section of Greers Road (a minor arterial road on the ring route) is on the Capital Works Programme to have its kerb and dish channel on the east side renewed in the 2003/04 financial year. Local residents and property owners received a concept plan in February 2003 and were asked for their feedback on the proposal. Following consideration of this feedback (see attached summary) the original proposal was amended as follows as shown on attached plan TP 147504.

The following alterations have been made to the concept plan:

- Footpaths outside No 412 Greers Road have been shifted out from the boundary to allow planting along the property boundary to be retained.
- The pedestrian island opposite No's 1 Reynolds Avenue and 434 Greers Road has been removed to allow for the queuing of right turn vehicles into Langdons Road at peak times without blocking straight-through traffic.
- The length of the kerb extension outside No's 434 and 436 Greers Road has been reduced to provide more on-street parking, as it is no longer required for the pedestrian island approach.
- The pedestrian island opposite No 447 Greers Road is shifted north to outside No 449 Greers Road to shorten the crossing distance over Greers Road and improve pedestrian access from the east side of Greers Road.

The amount of \$159,035 is budgeted for this project. The overhead services will also be undergrounded and \$228,000 is budgeted for this work. Tendering is programmed for September 2003.

The Fendalton/Waimairi and Papanui/Shirley Community Boards have both resolved that the works be recommended for construction.

- Recommendation:**
1. That the kerb and channel renewal work be undertaken in accordance with the attached plan TP 147504.
 2. That the stopping of vehicles be prohibited at any time on:
 - (a) The east side of Greers Road commencing at Harewood Road and extending in a north easterly direction for a distance of 129 metres.
 - (b) The east side of Greers Road commencing at Hoani Street and extending in a north easterly direction for a distance of 14 metres.
 - (c) The east side of Greers Road commencing at Langdons Road and extending in a south westerly direction for a distance of 12 metres.
 - (d) The west side of Greers Road commencing at Reynolds Avenue and extending in a south westerly direction for a distance of 45 metres.
 - (e) The west side of Greers Road commencing at Reynolds Avenue and extending in a north easterly direction for a distance of 71 metres.
