

## 19. ST ASAPH STREET - P5 LOADING ZONE

The Committee considered a report seeking approval to install a "P5 Loading Zone" on St Asaph Street outside Spraystore Ltd at No 107 St Asaph Street.

The report noted that a request had been received from the Manager of Spraystore Ltd for a loading zone outside their premises. The proposed loading zone would in addition serve other nearby businesses in the immediate area and would improve safety in this locality.

The Committee **resolved** that a 'P5' Loading Zone be created on the north side of St Asaph Street commencing at a point 48.5 metres from its intersection with Montreal Street and extending in an easterly direction for a distance of 13 metres.
