

## 8. NEW BRIGHTON EVENTS NOTICEBOARD

The Assistant Community Adviser sought funding from the Board's 2003/04 Discretionary funds for a lockable noticeboard to publicise professionally run events in New Brighton and the Board's approval to apply for additional Council funding for an integrated arts component for the noticeboard. An allocation of funding was deferred because further information was required on the proposal. The Board **decided:**

1. That the Board give favourable consideration at a future meeting to an allocation from the 2003/04 Discretionary funds for a lockable noticeboard to publicise professionally run events in New Brighton, when a more detailed proposal is available.
2. That an application be made to the Council funding for integrated arts components for \$2,000 for an arts component for the New Brighton noticeboard.
