

3. WAINONI PARK RENEWAL

The Parks and Waterways Planner sought Board approval for a redevelopment plan for Wainoni Park. The Board **decided** to recommend to the Parks, Gardens and Waterways Committee and the Community and Leisure Committee:

1. That the final Wainoni Park Area Revitalisation plan be approved.
2. That approval be sought from the Department of Conservation.
3. That a resource consent be applied for.
4. That the proposed new street be a narrow road with traffic calming and consideration be given to the appropriate amount of off street parking.
