

## 2. DEPUTATIONS BY APPOINTMENT

Margaret Murray presented a petition to the Board from residents of St Martins Road (between Wilsons and Ensors Roads), noting concerns regarding safety features and aesthetic/annoying features and requesting that urgent consideration be given to expediting the road reconstruction with new kerb and channel.

Bob McIntosh (representing the Opawa/St Martins Residents' Association) also addressed the Board in support of the petition, and outlined safety issues relating to the increase in student numbers attending the Hillview Christian School.

The Board **received** the petition and undertook to refer it to the City Streets Unit for a response.
