

5. DEPUTATIONS BY APPOINTMENT

Inspector Derek Erasmus – Police Strategic Traffic Unit

Inspector Derek Erasmus, of the Police Strategic Traffic Unit, attended to update the Committee as agreed on a quarterly basis on traffic enforcement issues. He advised that Police had recently met with rural fire officers concerning the fire risk caused by 'boy racers' in the McLeans Island area and that they would be undertaking monitoring on 'at risk weekends'.

He also took the opportunity to present statistics relating to road fatalities in Canterbury including hospital admissions from motor vehicle accidents and the opportunity was taken to allow members to ask questions and discuss the statistics.
