

#### 14. DUNDAS STREET

The Committee considered a report from Lorraine Wilmshurst, City Street Unit informing it of the results of consultation and seeking approval to the provision of a splitter island in Manchester Street, kerb build outs in Dundas Street and angle parking on the south side of Dundas Street.

The report outlined the background to the proposed changes and the consultation and discussion undertaken on this proposal. The report noted that concerns had been expressed by some businesses regarding angle parking but that the carparks involved would now revert to parallel parking with this proposal.

The Committee **resolved** that the proposed splitter island at Manchester Street, kerb build outs in Dundas Street and angle parking on the south side of Dundas Street, between the kerb build outs, proceed to final design and construction.
