

## 2. UPPER RICCARTON COMMUNITY/SCHOOL LIBRARY

A report from the Area Manager, Libraries and Information provided an update on the Upper Riccarton School/Community Library Project.

The Committee **decided**:

1. To endorse the shared vision for the Upper Riccarton Community/School Library.
2. To explore opportunities for an artistic enhancement of the design, within an agreed budget for the project, through the inclusion of an artist in the design team.
3. That a specific opportunity for an artwork to be included as part of the project be identified, to be funded from the Art in Public Places budget.
4. That the Property and Major Projects Committee be asked to consider the cost benefit of sustained design.
