

12. DRAFT CONSULTATION POLICY

The Consultation Project Co-ordinator and Social Policy Analyst provided a draft of the new Consultation Policy for discussion and feedback by Standing Committees and Community Boards. The feedback is to be considered by the Consultation and Communication Special Committee on 20 June 2003. The Board **decided:**

1. That the Board provide comment to officers at the Board meeting on the draft Consultation Policy for reporting to the Consultation and Communication Special Committee.
2. That a Board seminar be scheduled to evaluate consultation practices in Burwood/Pegasus and to make recommendations on future best practice to feed into the subsequent development of a Consultation Strategy.
3. That the Advocacy Team forward a report on past consultation practices to the Board seminar.
