

## 18. HASTINGS STREET EAST AND VIENNA STREET: KERB AND CHANNEL RENEWAL

The Board considered a report seeking its approval to publicise a concept plan for the Hastings Street East and Vienna Street kerb and channel renewal project.

The Board **resolved**:

1. That the Hastings Street East/Vienna Street kerb and channel renewal project be approved for consultation.
2. That a public meeting be held with the residents of Hastings Street East and Vienna Street to seek their views on a full range of options for the street, with Board members receiving prior notification of the date, time and location of that meeting.
