

## 1. COUNCIL SEMINAR ON LAND DRAINAGE ISSUES

<b>Officer responsible</b>	<b>Author</b>
Director of Legal and Secretariat Services	Tony McKendry, Committee Secretary, DDI 941-8252

The purpose of this report is to seek Council approval for a Council seminar on land drainage issues.

Several Councillors have voiced concern at not being briefed in current issues relating to land drainage and associated issues, including ponding.

Accordingly, it is considered timely for all Councillors to receive such a briefing on these issues, by way of a seminar.

It is envisaged that following the seminar, regular updates will be provided to both the Parks, Gardens and Waterways Committee and the Regulatory and Consents Committee.

**Recommendation:** That the Council approve a (Council) seminar being held at 12 noon on Tuesday 19 August 2003, for discussions on land drainage issues in the city.
