

4. DEPUTATIONS BY APPOINTMENT

Mr Don Donnithorne, Architect - City Plan Variation - Creation of the Central City Edge Zone

Mr Don Donnithorne attended and addressed the meeting regarding:

1. The above variation which he supported, and;
2. Appropriate acknowledgment in the City Plan of the Cathedral of the Blessed Sacrament.

The meeting was advised by Mr Dave Hinman (Central City Team Leader) that the Central City Mayoral Forum was aware of the need to prioritise the significance of the Cathedral and would be taking appropriate actions to ensure recognition.

The submission from Mr Donnithorne was considered in association with the report on the City Plan Variation - Creation of the Central City Edge Zone contained within clause 2 of the agenda.

The Committee decided that staff report back to the appropriate Council Committee on the way the matter of the Cathedral of the Blessed Sacrament was being handled by Council units.
