

**15. RICCARTON BUSH TRUST : REQUEST FOR FINANCIAL ASSISTANCE**

The Board considered a request from the Riccarton Bush Trust to help fund some upgrading work to the Riccarton Bush driveway and cycleway (work being over and above what could be seen as routine maintenance). The request was also being considered by the Fendalton/Waimairi Community Board.

The City Streets Unit had agreed to fund some lighting work, but had declined to assist financially with the upgrading work. The driveway and cycleway work component was \$7,670 and the amount sought from this Board was \$3,835.

The Board **resolved** to make a grant of \$3,835 to the Riccarton Bush Trust, subject to the Fendalton/Waimairi Board also contributing an equal half share.

(Bob Shearing declared an interest in this item and took no part in the debate and the decision made.)
