

19. CAMBRIDGE TERRACE OUTDOOR DINING AREA

The Committee considered a supplementary report from Peter Atkinson, Transport Planner - Central City seeking approval to the use of three metered parking spaces for an outdoor dining area in Cambridge Terrace.

The report noted that the area occupied by the dining area would extend the existing three metre wide footpath out into the road carriageway a distance of two metres and that the approvals of the adjacent property owners to the west and east of the property involved at 209 Cambridge Terrace had been obtained. The Parking Manager was aware of the proposal which is in accordance with the Council's policy.

Should the proposal for use of the area be approved it is intended that the Council's standard conditions would apply and that the applicant be required to meet all costs associated with the provision of the kerb extension.

The Committee **resolved** to approve the removal of three metered parking spaces on the northern side of Cambridge Terrace adjacent to the property at 209 Cambridge Terrace for the purposes of creating an area for outdoor dining.
