

## 2. CODE OF PRACTICE FOR LAND AND ASSET DEVELOPMENT

A report from the Senior Professional Project Management Team provide a background on the current status of the Code of Practice for Land and Asset Development.

The Committee **decided**:

1. To receive the information.
2. That when the draft Code of Practice document is available, it be considered by the Committee together with a report covering:
  - Highlights of the changes incorporated,
  - An outline of the sustainable principles,
  - How it provides for innovation,
  - Its status,
  - How it links with other mechanisms including the City Plan and the Council's policies on transport and pedestrians etc.
