

## 1. DEPUTATIONS BY APPOINTMENT

### TREES REMOVED FROM SOUTH NEW BRIGHTON DOMAIN

**Marcus Puentener** was in attendance to request that the wood from trees felled in the South New Brighton Domain be used locally for community purposes such as park furniture and sculptures. As the wood from the recent tree removals had been sold, Mr Puentener requested that the community's needs be considered with any future fellings.

The Board **decided** that in future a proportion of the wood from trees felled in the Burwood/Pegasus community, if of an appropriate species, be retained as a matter of course for use in park accessories in the area.
