

10. COMMUNITY PRIDE GARDEN AWARDS

The Board considered a report seeking its approval to add a category to its garden awards scheme.

The Board **resolved**:

1. That a new category of Community Pride Garden Awards be introduced in 2004 to encourage residents to plant outside their fence frontages, and that where fencing is proposed, that encouragement be given to setting it back a minimum of 300mm to provide space for planting.
2. That publicity and promotion of the additional award category be undertaken through the *City Scene* in readiness for January 2004.
3. That Mr Brian Briggs of the Christchurch Beautifying Association be thanked for his initiative in this matter.
