

#### 4. NORTONS ROAD : PROPOSED TRAFFIC CALMING

The City Streets Manager sought Board approval for the distribution to local residents and property owners of a publicity leaflet showing the proposed traffic calming work in Nortons Road, Avonhead.

The objectives of the proposed works are to reduce the speed of through traffic, reduce the number of loss of control accidents and to improve safety for children crossing Nortons Road to and from Avonhead School.

These objectives will be achieved by the installation of platforms at regular intervals along Nortons Road and street tree plantings.

The Board **decided** that approval be granted for the Nortons Road proposed traffic calming concept plan to be circulated for community consultation and feedback.
