

27. SHIRLEY ENTRANCE SIGN

The Community Advocate provided an update report on the design of an entrance sign for Shirley.

The Board **resolved** to approve expenditure up to \$10,000 from the 2003/04 project and discretionary funds for an entrance sign to be constructed and sited at the corner of Hills Road, Shirley Road and Warrington Street.

The Board **decided** to approve both options for the sign for public consultation to ascertain the community's preferred option.
