

4. FIFIELD TERRACE: PROPOSED IMPROVEMENTS

The Board **received** a report advising it of a publicity pamphlet/concept plan for proposed works to improve traffic safety in Fifield Terrace between Ensors Road and Beckford Road.

The Board **decided** to request that:

1. The City Streets Unit consider this project in conjunction with works proposed for Ford Road in the 2003/04 financial year.
2. The pamphlet not be sent out at this time, and that a further report be sought clarifying why these street works are proposed, including traffic volumes, speeds, safety issues, the budgeted amount for the project, cost of the intersection design work, and the area of consultation proposed.
