

21. SUPPLEMENTARY ITEM

The Chair sought the approval of the Committee to introduce a supplementary report on a request by Central Plains Water Ltd to the Canterbury Economic Development Fund Trust to change the conditions attached to the \$625,000 loan offered to the company by the trust. This report had been circulated to the Committee prior to the meeting. The Chair explained that the report had not been included in the main agenda for the reason that the required information was not available at that time, but that it was essential that the report be dealt with at the present meeting, rather than being deferred until the next meeting of the Committee.

It was **resolved** that the report be received for consideration at the present meeting.
