

20. CHRISTCHURCH PHYSICAL ACTIVITY STRATEGY

The Committee considered a report from Lesley Symington and Alan Bywater, Community and Leisure Unit, regarding the Physical Activity Strategy previously endorsed by the Community and Leisure Committee which had appointed a Steering Group to oversee its development. The report provided background to the strategy, the benefits of physical activity to individuals in the city, membership of the Steering Group, the future process and sought approval for appointment of a member of the Sustainable Transport and Utilities Committee to the Physical Activity Strategy Steering Group.

The Committee **resolved** that Councillor Chrissie Williams be appointed to the Physical Activity Strategy Steering Group.
