

## 2. SNELLINGS DRAIN COST SHARING SCHEME

The Team Leader, City Solutions (Water Environmental) and the Team Leader, Environmental Services (Knowledge Integration Team) requested the Board to consider:

- (a) The proposed waterway, wetland and drainage scheme that has been developed in the context of green space planning for the Burwood/Marshland area.
- (b) The establishment of a formal drainage cost sharing scheme to facilitate the future development of the area.

The Board **decided** that the Board support the proposed scheme, subject to consultation.
