

8. REGIONAL LANDFILL FINANCIAL UPDATE FOR 2003/04

The Subcommittee considered a report informing it of the proposed calls on capital received from Transwaste Canterbury Ltd together with details of the suggested provision for operational expenses in the 2003/04 financial year. The report noted that written advice had been received from Transwaste Canterbury Ltd regarding a proposed call on capital of \$2 million in the financial year 2003/04 and in addition it provided share apportionments for both this and for the \$30,000 recommended for the Hurunui Host Support Fund and \$20,000 for consultants' advice.

The Subcommittee **resolved** that the provisions in the report for Hurunui Host Support and consultants' advice be adopted.
