

## 2. SURPLUS PROPERTY - UPDATE

The Committee **received** a report from Steve McCarroll (Property Projects Officer) on properties listed in the 2003/04 Pink Pages and Draft 2003/04 sub budgets. An update was provided on properties that were not required for operational purposes and their current status within the Property Decision Making process.

The Committee had previously raised the need for increased revenue contributions in the draft Annual Plan and referred the item to the Annual Plan Subcommittee for consideration.
