

6. WORK BRIEF REGARDING REVIEW OF RELEVANT ENVIRONMENT COURT DECISIONS

The Committee considered a report from Mark Bachels (Strategy and Policy Team Leader) outlining a draft brief prepared for Peter Skelton (previous Environment Court Judge, and Associate Professor of Lincoln University). The brief provided an overview of relevant Environment Court decisions regarding the ability to do and provide more comprehensive planning with the Resource Management Act.

The Committee **decided** that arrangements be made for Peter Skelton to address a seminar for all Councillors with an overview of relevant Environment Court decisions.
