

12. DEPUTATIONS MEETING

The Board **received** a report on the Deputations Meeting held on 19 February 2003 and **decided**:

1. That the following recommendations be recorded as the Board's submission to Environment Canterbury on the current review of bus services in the Shirley/Papanui area:
 - (a) That consideration be given to extending the bus service to provide for the increasing number of permanent residents living in Sawyers Arms Road.
 - (b) That the consultation process include the business community in the Shirley/Papanui area, particularly Northlands Mall.
 - (c) That the transport needs of users of the RSAs and clubs in the area be taken into account as a way of discouraging drink-driving.
 - (d) That the industries in Sawyers Arms Road be included in the consultation process.
 - (e) That, in acknowledging the interest from residents of residential homes for elderly people, brochures be supplied to each resident as well as the management, and that these homes be considered as suitable venues for holding focus group meetings.
2. That the appropriate staff member be invited to a seminar meeting to identify opportunities for artwork in public places.
