

9. COMPOST PLANT MANAGEMENT BY CITY CARE LIMITED

The Committee received a report from Simon Collin, Solid Waste Manager, informing it of recent management changes to the Compost Plant operation.

The report noted the resignation of the Compost Plan Manager and the decision to move full management of the plant to City Care Limited. It advised that a memorandum of understanding had been agreed between the City Water and Waste Unit and City Care Limited with negotiation of a final contract by 1 July 2003 and it outlined the key issues for negotiation.

The Committee **decided** that the information be received and that the actions taken by staff, as set out in the report, be endorsed.
