

## 6. WORK BRIEF REGARDING REVIEW OF RELEVANT ENVIRONMENT COURT DECISIONS

A report from the Urban and Development Policy Leader outlined the draft brief which was prepared for Peter Skelton (previous Environment Court Judge and current Associate Professor at Lincoln University) to provide staff and councillors with an overview of relevant Environment Court decisions regarding the ability to do and provide more comprehensive planning within the RMA.

The Committee **decided** that:

1. The information be received.
2. Arrangements be made for Peter Skelton to address a seminar for all councillors with an overview of relevant Environment Court decisions.
