

9. SUPPLEMENTARY REPORTS

The Chairman sought approval to introduce the following supplementary reports:

- Report from the Housing Subcommittee Meeting - 30 April 2003
- Future Directions for Safer Community Council Network
- Official Visit to Sister Cities of Kurashiki and Songpa-Gu

The reason why these items were not on the agenda and why these matters could not wait until the next meeting were explained to the meeting.

The Committee **resolved** that these three reports be received and considered at the present meeting.
