

14. P5 LOADING ZONE - MONTREAL STREET

The Committee considered a report seeking approval for the placement of a 'P5 Loading Zone' on the east side of Montreal Street outside the Windsor Hotel.

The report noted the need for a loading zone to assist taxi and shuttle services in servicing the hotel and to provide a facility for truck deliveries and other businesses in the area.

The Committee **resolved** that a 'P5 Loading Zone' be created on the east side of Montreal Street commencing at a point 72 metres from its intersection with Armagh Street and extending in a southerly direction for a distance of nine metres.
