

2. SUBMISSION ON ELECTORAL REVIEW

This process is never easy. We have all put a lot of time into whichever position we have taken on this process. At the end of the process it is important that we conduct an audit of how we went about our review and the subsequent decision by this Council and the receiving of submissions from interested parties.

Recommendation: That this Council ask the new General Manager Regulation and Democracy to report to the Local Government Commission on our process and to ask for them to comment on it in their final report to this Council in April 2004. This would be a completely independent audit of our processes and a good guide for future Councils as they go about the same exercise in compliance of the Local Government Act.
