

## 2. PROPOSED KERB AND CHANNEL PROGRAMME – SHIRLEY/PAPANUI

The meeting reconvened in the Papanui Board room at 10.49am.

The Board considered the kerb and channel prioritisation for the Shirley/Papanui area and **resolved**:

1. To carry out the work in Carrick Street during 2005/06 and the work in Harewood Road during 2007/08.
2. That the appropriate staff be notified of the Board's dissatisfaction with the general maintenance and cleaning of streets, particularly the dish gutters, in the Shirley/Papanui community.
