

7. HOON HAY ROAD : PROPOSED CYCLE LANES

The Board's comments were sought, for the Sustainable Transport and Utilities Committee, on the proposal to install cycle and pedestrian facilities in Hoon Hay Road, between Halswell Road and Mathers Road.

In July 2003 the Board agreed that the publicity pamphlet for the proposal be approved for distribution.

The community feedback had been very positive (only 14% were against the proposal as it stood.)

The Board **agreed** to support the Hoon Hay Board proposal, subject to staff reviewing the legality of the cycle lanes being directed onto Curletts Road.
