

2. LEINSTER HOUSE

A report by the Community Advocate Fendalton/Waimairi Community Board and Senior Planner Urban Designer and Heritage outlined the past and recent interest shown by the community in the retention of Leinster House in Merivale, including the current status of the building.

The Committee **decided**:

1. That it strongly support as far as practical efforts to retain Leinster House on its existing site.
2. That concurrent with the formation of the Trust proposed by the Merivale Precinct Society, Council property and heritage staff determine costs and all possible funding options and concepts for the retention of Leinster House on its existing site.
3. That a subcommittee be formed comprising Councillors Crighton, Alpers and Stewart, to work with affected parties to further recommendation number 2.
