

### 3. SKATEBOARDING IN BURWOOD/PEGASUS

The Parks and Waterways Planner and Community Recreation Adviser requested that the Board consider funding options for the previously approved strategy of prioritisation to meet the skateboarding needs in Burwood/Pegasus. The Board **decided**:

1. That the information be received.
2. That, in response to the emerging need for further skateboard facilities in Burwood/Pegasus, the Board ask the Council to fund the Thomson Park project in 2004/05.
3. That applications be made to appropriate gaming trusts to seek funding for the Thomson Park project.
