

4. RICCARTON/WIGRAM COMMUNITY SERVICES COMMITTEE REPORT OF 10 SEPTEMBER 2003 MEETING

The Board considered the report of the Community Services Committee meeting of Wednesday 10 September 2003.

The following young persons who had received funding support from the Committee gave presentations on their recent experiences:

- A university student who had represented New Zealand at a United Nations Youth Conference in Perth
- A qualified collision repair technician who had represented New Zealand in a Worldskills competition in Switzerland.

Two applications for funding were received; one being a Hornby Church cluster which is staging a Parenting with Confidence project and the other related to a youth development scheme request. The Board's decision on these two applications is recorded in clause 12 of this report.

The Council's Property Manager, Rob Dally, was in attendance to discuss some specific property project issues.

The Community Recreation Adviser provided a full report on Older Adult Recreation Scheme applications, and the annual Council-owned community facilities usage report was received.
