

## 8. TEMPLETON RESIDENTS' ASSOCIATION, TEMPLETON HALL

The Templeton Residents' Association has recently sold the Kopara Street Community Hall, owned by the Association. The hall was sold by auction, at a figure substantially above the expected sale price.

The Association has previously agreed to contribute a substantial proportion of the sale proceeds to the Council, to offset the cost of the recently completed Templeton Community Centre.

The Board **decided** to write to the Association congratulating it on the successful outcome of the auction, and for the contribution to be made by the Association on behalf of the community towards the construction of the new Templeton Community Centre.
