

## 15. GLOUCESTER STREET MOTORCYCLE STAND

The Committee considered a report from Barry Cook, Traffic Engineer - Community seeking approval for the installation of a 'Motorcycle Stand' on the south side of Gloucester Street between Manchester Street and the tram tracks.

The motorcycle stand would provide a parking area for a motorcycle rental company located at 168 Gloucester Street as the existing parking area is no longer able to be utilised properly due to construction of the Cathedral Junction.

The Committee **resolved**:

1. That the parking meter on the south side of Gloucester Street commencing at a point 43.5 metres from its intersection with Manchester Street and extending in a westerly direction for a distance of 5.5 metres be removed.
2. That a 'Motorcycle Stand' be created on the south side of Gloucester Street commencing at a point 43.5 metres from its intersection with Manchester Street and extending in a westerly direction for a distance of 5.5 metres.
3. That the stopping of vehicles be prohibited at any time on the south side of Gloucester Street commencing at a point 49 metres from its intersection with Manchester Street and extending in a westerly direction for a distance of 16 metres.
