

13. MAIN ROADS AMENITY PLANTING

The Committee considered the report and recommendations from the Hagley/Ferrymead Community Board meeting of 3 October 2003 relating to Main Roads Amenity Planting.

The Hagley/Ferrymead Community Board had recommended to the Sustainable Transport and Utilities Committee that as part of the consultation process for this project a public meeting be held in the area from Ferrymead to Sumner.

The Committee considered the original report and recommendation from the Community Board, but **decided**, however, it would not be appropriate to hold a public meeting as part of the consultation process as suggested by the Community Board in view of the limited extent of funding available for the project, the current priority for planting to be on the Causeway and the fact that it would raise unrealistic expectations as to the timing of any future landscaping work.
